**RIN 2120-AA66**

#### **Amendment of Class E Airspace; Altoona, PA**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends amend Class E surface area airspace and Class E airspace extending upward from 700 feet or more above the surface at Altoona-Blair County Airport, Altoona, PA. This action accommodates airspace reconfiguration due to the decommissioning of Altoona VHF omnidirectional range navigation system (VOR) and cancellation of the VOR approaches. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at this airport.

**DATES:** Effective 0901 UTC, September 13, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**SUPPLEMENTARY INFORMATION:**

**Authority for this Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E airspace at Altoona-Blair County Airport,

Altoona, PA, to ensure the efficient use of airspace within the National Airspace System.

## **History**

The FAA published a notice of proposed rulemaking in the **FEDERAL REGISTER** (83 FR 11446, March 15, 2018) for Docket No. FAA-2018-0129 to amend Class E surface area airspace, and Class E airspace extending upward from 700 feet above the surface at Altoona-Blair County Airport, Altoona, PA. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in paragraph 6002 and 6005, respectively, of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

## **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

## **The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by amending Class E surface area airspace, and Class E airspace extending upward from 700 feet or more above the surface due to the decommissioning of the Altoona VOR and cancelation of associated approaches at Altoona-Blair County Airport, Altoona, PA.

The Class E surface area airspace is amended to within a 4.7-mile (from a 4-mile) radius of the airport, with a segment 1.0-mile each side of the 026° bearing from the airport to 8.7 miles northeast. The Altoona VOR segment is removed.

The Class E airspace area extending upward from 700 feet above the surface is amended to within an 11.2-mile (from a 6.5-mile) radius of the airport. These changes enhance the safety and management of IFR operations at the airport.

## **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified

that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
